We always have to keep in mind that a Documentary, after all, can tell lies and it can tell lies because it lays claim to a form of veracity which fiction doesn't. Some of the documentaries are made just to discredit some particular person, party, organization, system etc, but most of them here on TDF are non biased, without prejudice and worth watching.

Hey, while I have you on the line, let's talk about Donald Trump! He did just lock down the GOP presidential nomination in all but the most technical sense, so I reckon he's newsworthy enough right now to merit a mention. And since the next logical step is him running the entire country, it's fitting that we start off by talking about a documentary that offers an advance look at what happens ...
