The song "Sabbath Bloody Sabbath" has been singled out for praise by many hard rock and heavy metal guitar players, with Slash from Guns N' Roses stating to Guitar World in 2008, "The outro to 'Sabbath Bloody Sabbath' is the heaviest shit I have ever heard in my life. To this day, I haven't heard anything as heavy that has as much soul."

As promised, since the Vol. 4 thread has wrapped up, I thought we'd start a song by song for the follow up of that album, Sabbath Bloody Sabbath which was released in 1973. If you care to, please share what got you into this album and what your initial thoughts of it were. As with all song by song threads, please stick to the song at hand and don't jump forward ahead of me.

Sabbath Bloody Sabbath (1973) Sabotage (1975) Technical Ecstasy (1976) Sabotage is the sixth studio album by English rock band Black Sabbath, released in July 1975. It was recorded in the midst of litigation with their former manager Patrick Meehan and the stress that resulted from the band's ongoing legal woes infiltrated the recording process, inspiring the album's title.

Casuals don't understand how deep Sabbath really is. They know Iron Man and Paranoid, what the radio played for 30 years but the strength of the albums from Master of Reality to Sabotage is unprecedented for me. Maybe 80's Metallica comes close but Black Sabbath with Ozzy will forever be my favorite band.
